Senior Yoga

I am an event planner turned yogi. I discovered yoga 10 years ago while looking for something to balance out my high pressured event planning business and to help heal my body from injuries that occurred from years of Spartan Racing. I completed a 200-hour yoga teacher training with LifePower Yoga, a program created by Jonny Kest. I also have an educational background in Social Work and Special Education. I currently teach yoga at Life Time in Hackensack, NJ as well as private lessons. My goal is to empower students and encourage their physical and spiritual self growth. I will inspire members to improve their health and well-being through the practice of yoga and continually remind them to have fun and breathe. Bring a yoga mat.

ONLY SERVICE ANIMALS ARE ALLOWED IN TOWN PARKS

How "Service Animal" Is Defined

Service animals are defined as dogs that are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with mental illness to take prescribed medications, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, or performing other duties. Service animals are working animals, not pets. The work or task a dog has been trained to provide must be directly related to the person's disability. Dogs whose sole function is to provide comfort or emotional support **do not qualify** as service animals under the ADA.
